# Soar Valley School Leicester

Leicester's newest school, built under the BSF programme, has been creatively designed and fitted with a suite of aluminium doors, windows and curtain wall from Senior Architectural Systems' high performance ranges, which collectively account for around 60% of the building's facade.

SENIOR **ALUMINIUM** SYSTEMS™

## Soar Valley School, Leicester

**Architect:**

ADP Architects

**Main Contractor:**

Miller Construction Ltd

**Installer:**

Acorn Aluminium Ltd

**Products:**

SCW Curtain Wall

SPW300 Windows

SD Doors

**BREEAM rating:**

Excellent

The building has received a BREEAM 'Excellent' rating and ADP's landscape design at Soar Valley was nominated in the category for 'Most Inspirational Use of Outside Space' at the Excellence in BSF awards.

The new home of Soar Valley School is simple and functional, yet the impressive

result is a reflection of the school's aim to inspire. The entrance foyer, central hall and learning resource area punctuate the front face of the building, whilst the gently curving wings feature colour threads through all the elevations, reflecting the rich and diverse community served by the school.

## SENIOR ALUMINIUM SYSTEMS™

Senior Aluminium Systems is a division of Senior Architectural, the major UK supplier of aluminium and timber fenestration solutions designed to the highest standards.

Operating from three strategically situated centres at Doncaster, Newport and Livingston, Senior's maintains its original emphasis on customer service and local availability, and forming long term, mutually beneficial relationships with fabricators, architects and contractors.
