Hallmark Doors
& Panels Ltd

Premium aluminium residential doors

Introducing a robust and
thermally enhanced aluminium
residential door solution

*Images to represent Hallmark panels only.

Introduction

As the UK's largest privately owned fenestration systems house, we offer a flexible range of aluminium products that are ideally suited to meet the demands of both traditional and new build homes. Naturally strong and easy to maintain, it's easy to see why aluminium doors are a popular choice and a smart investment.

We have partnered with Hallmark Doors and Panels Ltd, an industry leading British manufacturer and supplier of composite doors who have over 30 years of experience. Together we are bringing to the market a thermally enhanced and robust aluminium residential front door solution. We have now tested our PURE® commercial door with Hallmarks door panels to the PAS24 security standard. Through the combination of the unique technologies of our PURE® Commercial Door and Hallmark's premium aluminium door panels, these high end entrance doors will not only look the part, but will have the advantages of our patented thermal break at their core, providing exceptional thermal efficiency.

- ◆ Featuring our innovative patented PUR thermal break at their core providing exceptional thermal efficiency
- ◆ Tested to meet PAS24 security standards
- ◆ A large variety of designs and styles available
- ◆ Available in a range of colours
- ◆ A robust premium front door solution

PURe® Innovation

We have now tested our **robust PURe® Commercial Door** to **PAS24** security standards with one of Hallmarks **premium aluminium door panels**. With our **innovative technology** and Hallmarks premium aluminium panels we have created a **high quality, thermally efficient aluminium front door solution**.

Our PURe® Doors are designed with an innovative patented **PUR thermal break** at their core enabled them to have **exceptional thermal efficiency** and achieve **ultra-low U-values**.

◆ Performance

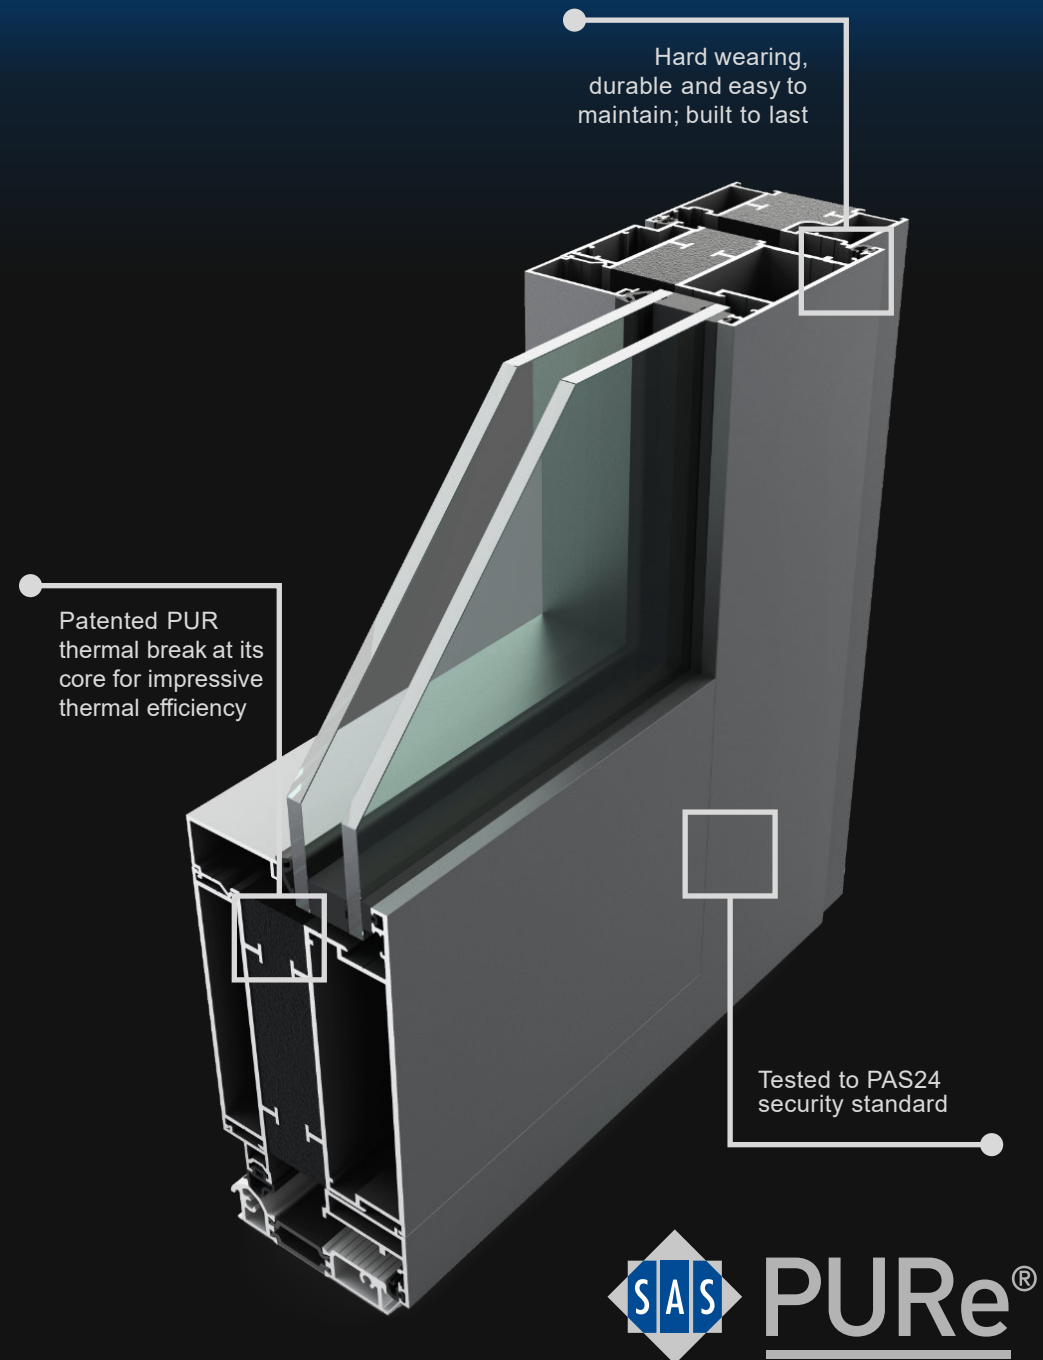

Innovative thermal barrier allowing remarkable thermal performance to be achieved.

◆ Design

Designed with style, elegance and practicality in mind. Featuring narrow sightlines and options including further thermal enhancement for added energy savings.

◆ Quality

Tested, trusted, durable and fully recyclable with an extensive life expectancy.

- **Security Plus Protection**
(optional upgrade)
- ◆ 2mm Skin
 - ◆ Laminated Glass Reinforcement Options
 - ◆ 4mm MDF x2 (4mm, 9mm & solid*)

*Solid aluminium panels cannot have solid reinforcement

How to Order

The aluminium door panels can be ordered directly from Hallmark and then fitted into our PRe® Commercial Doors.

◆ You can place your order for your Premium Hallmark door panel/s via [Hallmarks online order](#) form or email their processors directly at orders@hallmarkpanels.com.

◆ Orders can be placed 24 hours a day, 7 days a week and are processed onto Hallmarks system Monday to Friday - 9am - 4:30pm.

◆ Prior to ordering, the exact specification must be outlined to Hallmark.

To discuss your specific requirements in more detail with us before ordering your panels, please get in touch with your technical sales manager or architectural advisor. Here at Senior Architectural Systems we have a large network of support regionally located to assist you and your projects.
